## **REASONS FOR ALLOWANCE**

1. Claims 1-19 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate nor render obvious to one ordinary skilled in the art a liquid crystal display device comprising a combination of various elements as claimed and a method of manufacturing a liquid crystal display device comprising a combination of various steps as claimed, more specifically, forming a main sealant pattern at a periphery of the active regions of the first and second substrates, forming a dummy sealant pattern within the dummy regions of the first and second substrates, forming a first column spacer arranged between the first and second substrates and within the dummy regions of the first and second substrates.

Kim ('458) discloses a liquid crystal display device comprising a main sealant pattern, a dummy seal pattern, a column spacer. However, Applicant has filed a certified translation of the priority document, filed 07/29/02, which antedates the effective filing date (12/11/02) of Kim ('458).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
